COMMUNITY LEADER / LEARNING CYBERSECURITY

Hey, I'm Jake.

I build safer online spaces. I lead communities on Discord, and I'm learning to code with the goal of working in cybersecurity.

DISCORD

LOCATION
Europe (UTC+2)

CURRENTLY
CEO of The Trusted Community

GOAL
Become a cybersecurity professional

100+ servers staffed

13 communities listed below

2 active communities today

About me

I enjoy meeting new people and helping build welcoming, secure online spaces. Most of my time goes into running and moderating communities, and I'm now learning to code so I can move into cybersecurity.

Outside tech, I love languages, especially Spanish, and all kinds of music, particularly BoyWithUke.

NOW / LEADING

The Trusted Community

I'm CEO of TTC, an online safety and trust community. We investigate safety concerns and help protect Discord users and servers.

NOW / LEARNING

Code and cybersecurity

I'm building my programming skills and exploring cybersecurity, so the safety work I do in communities can grow into a technical career.

Experience

Staff member on 100+ Discord servers, from helper through to owner. These are some of the communities I've worked in, and many more are not listed.

COMMUNITY	MEMBERS	HIGHEST POSITION	ALL POSITIONS HELD	STATUS
